Frequently Asked Questions (FAQ)

Q1: My Mercury outboard's model number is difficult to find. Where should I look?

A1: The model number is typically located on a sticker affixed to the outboard itself. Common locations include the transom, the cowling (the engine cover), or near the control box. It may also be found on the registration documents. If you still can't locate it, contact your local Mercury dealer; they can assist in identifying your model using other identifying features.
